LOCAL AND GENERAL NEWS.

THE statement is made by the Terre Haute *Gazette* that the general officers of the Illinois Midland railway company are soon to be removed from that city to Decatur.

THE reports as to the damage done to the small fruit in this region by the recent cold snap, are more or less conflicting. I. O. Eyman says the peaches are not seriously injured.

IF one Decatur buyer would sell his "boodle" of corn now that he bought at 45 and 50 cents a bushel several months ago, he would clear anywhere from $20-000 to $25,000. But he won't sell just yet.

HERE'S a good one from the Bloomington *Pantagraph*. "The Illinois Midland resumed business on Monday. Receiver Conklin is going over the whole business of the railway from Genis-is to Revelations."

THE china wedding of Mr. and Mrs. Moses Stare was delightfully celebrated at their residence in Whitmore township on Thursday last. There were about 40 persons present. The gifts were numerous, costly and appropriate.

IT is not yet too late to set out shade trees. Fill up your yard with them, and set a row in the street in front of your lot. For the amount of money spent, it is the most valuable improvement you can make. Nothing so beautifies a town as plenty of shade trees.

A FEW years ago, says the Lincoln *Sentinel*, John Seboski initiated a green, gawky youth into the Good Templars' Lodge near Kewanee, Illinois. That boy is now serving his second term as Governor Nance, of Nebraska, and is the youngest Governor in the United States.

Why Don't You Tell Us.

An exchange puts it in this very timely and terse manner: Nearly every week some one asks us, "Why don't you get the item about so-and-so. We have but one answer to make, and that amounts to about this: We are no encyclopedia of news. We didn't hear the item about 'so-and-so;' if we had, we should have published it. If you know of an item that you would like to have in the paper, tell us all about it, and we'll be only too glad to publish it. We are whole-souled, open-hearted, magnanimous; we know a good deal, but don't know it all—if we did we'd publish it. Some of the very best items that occur do not get in print at all, for the reason that some people think the editor of the newspaper ought to know everything without being told.

In a Muddle.

The city council of Jacksonville is in a disgraceful muddle. The judges of election returned Mr. Ensley Moore, Republican, as elected from the Second ward, giving the Republicans five aldermen to three Democrats. The old city council gave Mr. Moore a certificate, and he was sworn in by the city clerk. John Bradbury, the Democratic contestant for his seat, was also sworn in by the new mayor, Widmayer, a Democrat. The council stands now composed of nine members, instead of eight, the legal number. In all the voting the clerk would not recognize Bradbury in calling the roll, but the mayor called his name every time and he voted. The admission of Bradbury to the exclusion of Moore throws the council as well as the board of education into Democratic hands.

A Committee Meeting.

Supervisors J. N. Hoyt, of Harristown, Hiram Ward, of Wheatland, C. A. Turner, of Macon, H. C. Mowry, of Hickory, and A. T. Hill and James Freemen, who compose the special committee appointed by the board to contract and superintend the work of putting up the new buildings on the county poor farm, met in the sheriff's office this afternoon to issue proposals for the erection of the buildings according to the plans and specifications that have been adopted, at a cost of not more than $10,000.

THE directors of the Cerro Gordo Short Line railway met last Wednesday to organize. Col. Harris was elected president; Dr. Harsha, secretary and treasurer; and J. H. Crocker, of Maroa, vice president. No definite move has yet been made looking toward a commencement of construction. Very little is said any more about the road, yet the people stand ready to aid if an assurance is given that the road will ever be built.

A Good Sale of Cattle.

Mr. I. O. Eyman, the stock dealer, purchased from Mr. William F. Montgomery 17 head of high grade cattle, whose average weight per head was 1,447 pounds—total, 24,600 pounds; the price paid was 7 cents per pound, averaging $101.29; the total amount being $1,721.93. The cattle were shipped to Chicago on Tuesday, and were sold on Wednesday.

DEAREST SUSIE:—My time is so occupied with business that I can scarcely find a moment to write to you. Oh, darling, how I miss you, and the only thing that sustains me during my absence is the thought that every moment thus spent is for the benefit of my wife and children. Take good care of yourself, my dear. Feed the baby on cow's milk. Excuse haste, etc.

Wife at home—Scene II—Parlor—All the gas lighted. Thirteen grass widows. The Bachrach Surprise.

From Saturday's Daily.

Yesterday was the anniversary of Mrs. Charles H. Bachrach's birthday, and the event was joyously celebrated last evening, on West Wood street, at the family residence. It was in the nature of a surprise, and it was a complete success. The evening was devoted to dancing and feasting. The gifts were numerous, among them a handsome gold watch and chain from Mr. Bachrach, and a set of diamond earrings from Miss Rosa Hamburger, sister of Mrs. B., who arrived in the city yesterday from Baltimore. Her presence in the city was kept a secret until the party had assembled, and then the surprise was doubly interesting. The company included the neighbors and friends of the family.

Election of Officers.

The adjourned meeting of the Decatur High School Alumni, was held last evening. The officers chosen for the ensuing year were

President—Charles A. Ewing.
Vice President—Miss Belle Fulton.
Secretary—Miss Ella Usrey.
Treasurer—Frank Wells.

On motion it was decided that the annual banquet and reception of the association will be held at the armory of the Decatur Guards on Friday evening, June 2d. CHEAP GOODS are the result of judicious purchases from first hands, and the largest sales with the least expense. That we have attained this end is a pretty well established fact. And though we call attention in our advertisements to special articles, there are no departments and no articles in departments, from the smallest to the largest, that will not bear the same scrutiny. We hold that merchants are as much bound to adhere to the truth in their advertisements as farmers or mechanics in their business transactions; and that misrepresentations are resorted to where there is no merit, and for the purpose of deceiving the plain unsuspecting class, who can least afford the deception, which robs them of their dues. Goods constantly change in *styles* and prices, so that the *most experienced merchants* find it difficult to determine values; and the seeming artlessness which invests the ordinary buyer, or the "intelligent public" with a knowledge of merchandise, that *nine merchants in ten do not possess*, may be very flattering indeed, but this observation is only made to lull persons into security in order to practice a still greater deception. There is no law to punish dealers for representing their purchases as coming direct from *importers and manufacturers*, when the facts are against them. Nor for giving *special reasons* for marking down goods, after six weeks untiring labor, TWO HUNDRED PER CENT. BELOW COST. But the dealer who indulges in such misrepresentations on paper will do so over the counter; consequently to show courtesy where it does not belong, or to AFFECT a regard for the integrity of *all* competitors might seem very magnanimous were it not for these palpable evidences to the contrary. We invite the most critical investigation to what we say and do in DRY GOODS and CARPETS; also to every other article of merchandise composing our stock.

WAR SCENES REVIEWED.

The Old Veterans' Benefit Show at the Opera House Last Night.

Ex-Gov. Oglesby's War Speech—The First Recruit.

From Saturday's Daily.

The veterans of the late war gave their novel and pleasing entertainment before a good audience at the opera house last night, for the benefit of the Macon County Veteran Association.

The Decatur Band was present during the evening and enlivened the occasion with spirited National airs and war tunes.

The entertainment was entirely retrospective in character, and was planned by the older citizens and veterans who remember the scenes of 21 years ago in Decatur when the news reached our people that the rebels had fired upon Fort Sumter, which meant war to the hilt. The first scene represented Dr. H. C. Johns, Dr. W. A. Barnes and Capt. J. S. Post conversing in the street about the probabilities of war being precipitated by the rebels, when a boy came upon the stage with a telegram giving the first news of warlike demonstrations. A crowd of men gathered about to hear the dispatches read by Dr. Barnes, and the people on all sides expressed their indignation when it was announced that Fort Sumter had been attacked. And while the excitement was running high Capt. Post made a motion that a public meeting of citizens be held that same evening at Powers' Hall, and it was adopted. The next scene represented the historical war meeting in Powers' Hall, at which Dr. Barnes presided and Capt. Post acted as secretary. The hall was filled with old and young men, who felt that a crisis in the history of the Nation was at hand. At the suggestion of the chairman

RICHARD J. OGLESBY

was loudly called for by the assembly to address the people, and he came forward and reproduced the speech he made on that memorable occasion, just 21 years ago. Those who heard the Governor speak on that evening, and heard him again last night say that in substance the speech was about the same. It was full of earnestness, and fire, and indignation, and patriotism, and when the call came for volunteers to aid Abraham Lincoln in defending and preserving the Union, the response was general. The first man to volunteer was John F. Miles, his name being called out first last night as it was at the close of Mr. Oglesby's war speech in Powers' Hall in April, 1861.

Then followed a representation of incidents on leaving Decatur for the war, in camp and on the battle fields, interspersed with vocal music by Dr. Bumstead, Robert McClelland and H. A. Briggs, the soldiers joining in the chorus; also martial and band music.

The scene in which about 15 of our colored residents represented the contrabands, was an immense success. They sang and danced well and won deserved applause.

The entertainment, which passed off smoothly from the rise to the fall of the curtain, closed with the capture of Jeff Davis in Petticoats.

NOTES.

Mr. Graves personated "Old Shady."

The stage manager was Capt. G. S. Durfee.

Charley Kepley was the director of the contraband squad.

Master Harry Bumstead, as the drummer boy, recited a German parody on "Barbara Fritchie," splendidly.

George Nichols was the "hay-foot-straw foot" soldier in the awkward squad, commanded by T. M. Wells.

Capt. Kanan sold tickets in the box office, and Capt. Lytle and C. M. Imboden were door keepers.

"The Dying Soldier" was Dr. Bumstead.

Capt. John A. Barnes commanded the Union troops.

That dog did well.

The Weekly Republican.

ENTERED at the post office at Decatur, Illinois, as second class mail matter.

The license side seems to be having the bulge just now. In the towns around us which have chosen municipal officers this spring the advocates of the license system have generally made gains, and in several instances have revolutionized things on this much debated question. The result in Decatur yesterday practically settles the license issue for two years to come, since four of the license aldermen chosen this time will hold over next year, and that side will only need to elect two members of the council next year in order to maintain their supremacy—a feat which no one who scans the vote of yesterday in the 4th and 5th wards will question their ability to perform.

Professor Wells, of the Rochester, N. Y., Free Academy, has a practical way of teaching civil government. Regular caucuses are held among the students, at which delegates are chosen to State and National Conventions. Nominations are made and elections are held. In short, the details of government are practically exhibited. A very good idea. American schools ought to teach the practical methods as well as the theory of popular government.

Judging from the tone of some of the papers in that region, a large portion of the population of western Missouri is in mourning over the death of the cut-throat Jesse James, the greatest "hero" ever produced by the peculiar kind of civilization that prevails in that region.

"I love my state and her people," says Congressman Ellis, of Louisiana in a recent letter, "better than I love the Democratic party; and I propose to stand with the people, and not by any party who have abused and wronged the people.

The declaration of Dr. Ryder in his farewell sermon Sunday last, in Chicago, as to the views of the Universalist Church on future punishment will be new to many who have supposed that the Universalists held to no punishment whatever after death. Dr. Ryder said: "Perhaps no pulpit in the city has more frequently or with more emphasis during the past ten years taught the doctrine of future punishment than that around which we assemble today. As is well known, the old theory of interminable sorrow has largely fallen out of the faith of the more intelligent part of Christendom, and yet with a large portion of those who hope it is not true there is a lurking anxiety lest it may be, and so, while they do not feel justified authoritatively to declare that this is the teaching of our Lord with respect to the future state of a large part of the human race, they hesitate to affirm that it is not true. On the other hand, the Universalist is happily delivered of this dilemma. Endless misery to him is wholly without warrant in the word of God. There is not a line of Scripture to justify such a belief. But while this is true of endless punishment, it is not true of future punishment. This last is a doctrine of the New Testament, and a natural deduction from human experience and moral philosophy."

Mr. and Mrs. Lincoln, of the good city of Elgin, in this state, purchased a quantity of pressed beef last Saturday, and made a Sunday lunch of it. Shortly after they were taken very ill. A physician was called and they were finally pulled off the lower round of the golden stairs which they were about to mount. They were a good deal demoralized, but they will hereafter swear off from cold Sunday dinners, where pressed beef is the main item. This is a warning to every one to get warm dinners on the Sabbath and eat about as they usually do.—*Peoria Journal.*

It is related of Gen. Jubal Early that, in company with a brother officer, he had attended church once where the theme of the preacher was the judgment day, when the earth and sea should give up their dead. "What would you do, General, if all those people the preacher spoke of should pop up around you?" asked his companion. It was during the closing days of the confederacy, and, after a moment's silence, Gen. Early with characteristic profanity, responded: "I would conscript every —— mother's son of them."

The foreign affairs committee have determined to put Shipherd through a rigid examination. If he refuses to answer the questions, the power of the committee to compel him to do so will be exercised.

The Weekly Republican Continues to Boom.

Although the Weekly Republican has had a steady growth ever since its first number was issued, it has never received new subscribers so rapidly as within the past two months. Since our last list was published we have received over *two hundred* new subscribers, and the regular edition of the Weekly Republican is now two thousand copies—and the list still continues to grow. The people of Macon county evidently appreciate a good newspaper. Below we give the names of new subscribers and renewals since our last list appeared, more than half the number being new subscribers:

Postmaster General Howe has removed from an employment in the money order bureau, at Washington, Mrs. Wilcox, a daughter of Andrew Jackson Donelson, a grand-niece of President Jackson. She was born in the white house while her father was the president's private secretary.

The bearer of a note to United States Minister Hannibal Hamlin at his Paris hotel the other day observed a gentleman skipping nimbly through the hall as he asked for Mr. Hamlin. "There he goes," said the concierge: "that gentleman running up-stairs is Mr. Hamlin." "Oh no, that is not the person I want," remonstrated the messenger; "the one that I mean is an old gentleman." But it was Mr. Hamlin. The sprightly minister has now returned to Madrid after a short visit in Paris.

JESSE JAMES' SLAYERS

PLEAD GUILTY,

Sentenced to be Hung

AND PARDONED,

All in One Day!

St Joseph, Mo, April 17 — As announced yesterday, the grand jury had found a true bill against Bob and Charley Ford for murder, and at noon to-day they were taken into the circuit court room by Sheriff Thomas The court room was crowded, although quiet and order prevailed The boys were very respectably clad, and were very cool and self possessed The indictment, which was in the usual form, was read to the boys by County Attorney O M Spencer, who read it to Robert first after which the attorney asked him what plea he made, when he replied promptly and firmly 'guilty He then took his seat The indictment of Charles Ford as aider and abettor was read to him, and in a firm and even tone Charlie pleaded guilty also to the charge of murder in the first degree

The Judge then, after a few minutes meditation said that under the circumstances there was but one thing he could do and that was to pronounce sentence upon the boys He said as they had pleaded guilty there was no alternative for him but to pass sentence and it would remain for others to say whether the sentence should be finally carried out He then asked Robert Ford to stand up The latter promptly rose, and was asked if he had anything to say why the sentence of the court should not be passed upon him He replied, in his usual firm tone nothing, and Judge Shannon, in substance, said Robert Ford you have pleaded guilty before me to the crime of murder in the first degree, and it becomes my duty to pass the sentence of death upon you It is, therefore, the sentence of this court that you be taken back to the jail, and on the 19th day of May be taken to some convenient place and there hanged by the neck until you are dead '

Robert then took his seat and the Judge ordered Charles to stand up, and asked him if he had anything to say why the sentence of death should not be passed upon him Charles replied firmly, nothing, and the Judge passed the same sentence upon him as was passed upon Robert After this there was no other action taken and the boys were remanded to jail

Jefferson City Mo, April 17 — The governor this afternoon upon receipt of the news by telegraph from St Joseph that the Ford boys had been indicted and arraigned for the killing of Jesse James and after pleading guilty to murder in the first degree had been sentenced by the court granted them a full and unconditional pardon A special messenger was dispatched with it to St Joseph and the boys will be released from jail upon his arrival there with it The governor says the pardon does not affect any other crimes of which the boys may be guilty, but is only for the killing of Jesse James

Sedalia Mo, April 18 — To-day the principal portion of the town of Brownsville or Sweet Springs, twenty miles north of Sedalia, was destroyed by a cyclone and hurricane which surpasses anything which has been seen in America since the tornado in southwest Missouri Six persons are known to have been killed outright, and at least twenty are hurt having limbs broken and cuts and bruises The telegraph poles and wires were torn down, and nothing was heard of the terrible visitation in this city until 10 30 o clock to night, when Capt Harry Demuth, well known in Sedalia, arrived from Brownsville on the late train His clothes were covered with dust and and he had an ugly cut on his forehead

Springfield, Mo, April 18 — A heavy hail and windstorm passed over Barton county this afternoon Meager telegraphic reports have reached this city and to-day being the second anniversary of the Marshfield cyclone considerable excitement is created and the reports became exaggerated as they spread until Lamar and Golden City were completely demolished The real damage done is not known but it is not likely that the storm attained the dignity of a cyclone

The three well known venerable citizens of New York Thurlow Weed, General James Watson Webb and Peter Cooper have been interviewed by the New York *Times* as to the habits of life by which they have been enabled to retain their mental and bodily vigor Oat meal, milk and regular living is the prescription, while General Webb confesses to a daily potation of pure Santa Cruz rum and water

Trichinæ in Swine.

Prairie Farmer

We have heretofore stated, without reservation, our belief that when the full array of facts were known in relation to the cause of trichinæ in swine, it would be found that the difficulty arises from the animals eating garbage and vermin Experiments which we made some years ago fully satisfied us of this We made some statements then, and now reiterate them, that trichinæ will not be found in corn fed hogs The late outbreak in Minnesota, by which a large number of persons were stricken, some of them fatally, was traced to the eating of raw ham, and it was found that the swine, forty in number, were fed in a pen adjoining a slaughter house upon the offal of the slaughter house The building was also overrun with rats, one of the most prolific sources of the disease Subsequently the establishment and swine were removed to another place where there were less rats, but still fed on the offal

Speaking of inhospitality in some churches an American gentleman several years ago went into an English church and began to look about for a seat Almost instantly a dozen gentlemen rose, opened their pew doors and invited him so earnestly to enter that he felt as if had fallen in with a group of hackmen at an American railroad station After much embarrassment he accepted a seat Lingering about the church after the services, he remarked to the sexton "Your people seem very kind and anxious to give people a seat "Yes sir, yes sir a few months ago one of our pew holders had left him an income of $35,000 Several years before he was very polite to a stranger — an old gentleman — and gave him a nice seat and all the hymn books and prayer books and found the places for him Ever since that windfall everybody is anxious to give a seat to strangers, but nobody has got £7,000 a year for it yet '

Would not congress virtually put an end to Chinese immigration by passing a law prohibiting the landing on our shore of any class or number of persons ("coolies") who shall come under contract of speculative companies of capitalists who are engaged in this business of supplying our country with "cheap labor" Italian laborers are now being brought to this country by thousands, under contract, by speculating companies which have their head quarters in New York and by and by we shall hear a demand that the Italians "must go" The evil has its source in the same system that has caused the Chinese immigration Speculators in human flesh and blood, who contract to furnish imported cheap labor, are at the bottom of it all It is a legitimate subject for congressional action — *Chicago Journal*

Senator Thurman, of Ohio said to a friend regarding his recent visit to Europe I enjoyed myself very much, sir, very much, indeed but I have some serious regret I am very sorry that I did not have an opportunity of seeing Prince Bismarck and the queen of England" And why did you wish so particularly to see them" asked the friend, in surprise The senator, with a sly twinkle in his eye, but with his utmost severity of manner answered "Because, sir, after seeing them, I might have been able to say that I had met two people in Europe who did not want a sixpence from me '

Senator Bayard, of Delaware, has contributed to the *Christian Union* a short letter on success in public life, in which he states his conviction that such success does not at all involve disregard of the canons of punctiliously honorable action He says of the young American who engages in politics that "the discovery of much weakness and unworth may often pain and disappoint him, and he may weary of the work and long for rest but his hands can be as clean and his soul as white at the end of the journey as when he set out upon it '

Nothing Short of Unmistakable Benefits

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which Ayer's Sarsaparilla enjoys. The amount of sugar imported from the Hawaiian Islands since the reciprocity treaty went into effect has risen from 30,000,000 pounds in 1877 to nearly 77,000,000 pounds in the past year The entire Pacific coast is supplied from the Islands, which are capable of producing 120,000,000 pounds annually The great sugar king of Hawaii is an American, who, as soon as the reciprocity treaty was passed, moved his sugar factories to Honolulu to escape ruin in San Francisco

ENTERED at the post office at Decatur, Illinois, as second class mail matter

As is very natural, the Pacific coast region is beginning to ask for protection for the products peculiar to it The San Francisco *Bulletin* says there is no reason why the duty on champagne, figs and oranges should be any lower than that on iron It argues that 'if there is to be any revision of the tariff, it should be on the principle of equal justice The big states should no longer be allowed to reap most of the advantages

The first case against the Chicago gamblers, tried this week, resulted in the conviction of the accused, Hankins and Gibbons A large batch of other cases will be tried, by argument without the intervention of a jury, it being the apparent intention of the gamblers to allow them to go by default and then appeal the whole question to the supreme court

Reports from various parts of the country are very conflicting as to the effect of the present cold snap upon the fruit It seems to be generally conceded that the peaches have been seriously damaged, though some localities claim that there will still be a fair crop Apples do not appear to have been injured very much

---

The breaking up of the ice has caused disastrous freshets in the rivers of Dakota

The Sedalia *Democrat*—one of the leading journals of its party in Missouri—had an editorial in its issue of the 13th, upon what its editor calls 'the murder of Jesse James," which well typifies the sentiment that made the crimes of the great outlaw possible and which, unfortunately, appears to still exist in our sister state The editor of the *Democrat*, in speaking of Jesse says

We called him outlaw, and he was, but fate made him so When the war came he was just turned of 15 The border was all aflame with steel, and fire and ambuscade, and slaughter He flung himself into a band who had a black flag for a banner and devils for riders What he did he did and it was fearful but it was war It was Missouri against Kansas It was Jim Lane and Jennison against Quantrell and treason and Todd When the war closed Jesse James had no home Proscribed, hunted, shot at, driven away from among his people a price put upon his head what else could the man do with such a nature except what he did do? He had to live It was his country The graves of his kindred were there He refused to be banished from his birthright and when he was hunted he turned savagely about and hunted his hunters Would to God he were alive to-day to make a righteous butchery of a few more of them

The Ohio *State Journal* thus explains the reason of the Democratic successes in Ohio at the April city city elections

The Pond bill was not to blame for the whole of it The returns show plainly that the so called Democratic gains are largely fictitious The Republican vote fell off heavily, but by no means the whole of the defection went over to the Democrats The Democratic success has been due in great measure to Republican default In this city the Republican vote averages at least 10 per cent less than that cast at the last October election and in some precincts the falling off is 30 or 40 per cent The Democratic vote does not show corresponding gains In other cities as for instance in Cincinnati the Republican shrinkage has been proportionately far greater than it was here It is evident that an unusually large number of Republicans have failed to vote and the fact is not without significance There is too much apathy and factious antagonism within the Republican party If the Republicans are to win victories, they must cease denouncing each other as horse thieves and assassins because they happen to differ on minor matters of party policy

There is a proposition to pass a law making it an indictable offense for an individual to send out a polar expedition unless he goes himself The practice of hiring good sailors to go off and freeze to death at $16 a month while it proves good advertising for the fellow who hires them is pretty tough on the families of those who never come back Hereafter let none but bachelors go after the north pole *Peck's Sun*

A reporter of the New York *Sun* has lately been interviewing a number of Jewish refugees, from one of whom he gleaned the following

There is an English scheme to buy land in Palestine from the sultan, and establish there a Jewish state under the protection of England You see England needs the Suez canal and strives to appropriate the land around it, and the establishment of a Jewish state in Palestine under English protection would be of great use to her Then the Jews would swarm in Egypt and Palestine, and the English government could get a firm foothold there professedly for the Jews, really for the purpose of ultimately annexing those lands to the English possessions

It is said that the Rothschilds have contributed in the neighborhood of $250,000 to the purchase of land in Palestine

A Democratic paper says that 'if the Democracy should carry the next House of Representatives the tariff would undoubtedly be the prominent question before that body in the session immediately preceding the Presidential election "

We don't know what authority there is for such a statement The five years that the Democrats had control of the House of Representatives—some of the time they were in the majority in the Senate, also—they made no serious attempt to revise the tariff laws Neither would they have the courage to do so now, if they had unlimited sway in congress, and for two reasons, (1) that they could not agree among themselves, they having no settled policy upon the subject, and (2) their leaders have not the wisdom to deal with that or any great economic question The revision of the tariff laws, like all our great financial problems, must be taken in hand and dealt with by the Republican party — *Chicago Journal*

Mr George M Chilcott, of Pueblo, who was on Tuesday appointed to fill the vacancy in the United States Senate for Colorado, caused by the resignation of Mr Teller, is 54 years of age He was born in Huntington county, Pa He went to Colorado in 1859, and in 1864 was elected a member of the Territorial Legislature, having also filled the position in Nebraska in 1856 In 1863 he became Register of the Land Office at Denver, and stepped out of that position to go to Washington as Delegate from Colorado Territory and served the State in Congress for several years afterward He has since represented Pueblo county in the State Legislature, both as Senator and Representative Mr Chilcott is a lawyer by profession He negotiated the sale of the Maxwell grant, several years ago, in New Mexico, for which he received a fee of $85,000

The Pinkertons are not mourning to any great extent over the sudden demise of Jesse James George Hitt, of Missouri, in an interview says of James He went to Chicago once to kill Allan Pinkerton and stayed four months but he never had a chance to do it like he wanted to That was after the Pinkerton's made a raid on his mother's home, blew her arm off and killed his stepbrother He said he could have killed the younger one but he didn't care to do it 'I want him to know who did it he said it would do me no good if I couldn't tell him about it before he died I had a dozen chances to shoot him when he didn't know it I wanted to give him a fair chance, but the opportunity never came He left Chicago without doing it, but I have heard him say often, 'I know God will some day deliver Allan Pinkerton into my hands '' The childlike faith of Mr James in the protection of Providence is touching in the extreme

A prominent western paper says Justly or unjustly a great deal of fault is found, both by the railroads and the public, with the doings of the Illinois railroad commissioners They have an exceedingly difficult place to fill, and, with the best intentions in the world, they are likely to make mistakes A few months ago they published a schedule of rates and within a few days they have remodeled it considerably By so doing they have violated the sound principle that freight tariffs should be stable as well as reasonable It is to be said, however, that in this respect they no more than follow the example which the railroad companies have been setting them ever since they came into being But the public would like to know in accordance with what principle certain changes of classification have been made Why, for instance, is brimstone transferred from the second class to the fourth? Why is starch exceptionally favored with a considerable reduction of rates? Why is beer to be carried cheaper than it has been by 30 per cent., and why are beer barrels to be carried cheaper than flour and lard barrels?"

A Law to Protect Ladies.

A righteous bill is pending before the legislature of Ohio Such legislation in Illinois would bring consternation to a multitude of "nice young men" who stand at street corners and public places, and ogle and libel virtue and modesty There are crowds of them on the streets in almost every city that it would be a virtue to send up for 'six months' if they could be reached The Ohio bill reads

Whoever writes, prints, or publishes any false or malicious libel of or concerning another, or verbally uses utters, or publishes any false or malicious slander whatever of or concerning any female of good repute, or in the presence or hearing of any person or persons utters or uses any obscene or licentious language or words whatever of or concerning any female of good repute, or makes any sign, mark, picture, or motive or any innuendo whatever in the presence of any other person or persons with intent to convey the idea or cause it to be believed that any female of good repute is unchaste shall be fined not more than $500 or imprisoned not more than six months, or both, and moreover, shall be liable to prosecution in civil action for damages, but nothing written or printed shall be deemed a libel unless there is a publication thereof

The bill also has a clause 'which makes it a penitentiary offense to induce girls away from home for purposes of prostitution, the same as kidnapping '

HAMSHER & MOSSER

Two women beastly drunk put a babe in the bed between them [illegible] night in Chicago, and either laid upon it or neglected it in such a manner that it died during the night A man, or a being claiming to be a man, kicked a 4 year old child to death near Anna, in this state, and then put live coals upon it to bring it back to consciousness These are only samples of the brutality and fiendishness that are exposed almost daily through the press They are enough to make men blush for mankind and hang their heads when the civilization and enlightenment of the age and country are made the subject of boasts This country needs more missionaries than Africa

THE P., D. & E. telegraphers now conduct the offices at Hervey, Mt. Zion, and the I. C. Junction near Decatur. Heretofore the Midland has had charge of this stretch of wire, and the P., D. & E. folks were considerably annoyed by delays. So says the Mattoon *Journal*.

EDUCATIONAL PERSONALS.

Miss Cora Housum teaches her first school at Newberg.

Carrie Benton teaches her second term at Chariton school.

J. S. Campbell teaches his third term at Wildcat; J. S. Dice his second at Union; Walter Philips his second at the Ridge; C. T. Pope his third term at Prairie Valley.

Mr. James Graham, principal of the Ivesdale school, in Champaign county, has resigned that position and accepted a call as superintendent of the coal shaft at Niantic. Thus one by one the old teachers leave the field of school work and enter a more lucrative one.

Miss Lizzie Lukens has incited her pupils to a love for the writings of Longfellow by guiding them in making appropriate selections to read in public on Friday afternoons. Would that other teachers could induce their pupils to read standard authors by some such means as this. We cannot calculate the value of such a stimulus to the members of a school.

J. D. Logan has an enrolment of thirty five pupils, and an attendance of thirty four this term.

J. H. Black is farming this summer. Mr. Chas Powner's school has furnished us some very neat maps of Macon county. We refer to the Hill school, in Harristown township.

J. T. Sutton's school is doing very heavy work this term. Mr. S. certainly fixes what he passes over by his constant requirement of writing the topics in full. There is certainly no better way of fixing new ideas than in this manner, but still we may require too much of this. It may become laborious and even disgusting to the pupil by his becoming over-fatigued by an extra amount of it. Happy is the teacher who succeeds in striking a golden mean between the oral and the written plans of recitation.

J. T. Albin, of Madison, closes this week. He will remove his family to Decatur in a few days.

The regular monthly examination will be on Friday, the 21st. Applicants who come in late cannot complete the work. Commence early and take time, to keep from failing by doing good work. T.

A MINISTER'S MISHAP

Rev. Curtis Powell Thrown from a Buggy and Seriously Injured

On Sunday evening last, while seated in his open buggy, accompanied by his little son, Rev. Curtis Powell, the Methodist circuit preacher, met with a painful accident near the Illinois Central railroad track, which resulted in the fracture of the outside bone of his left leg, and what is now thought to be slight fractures of several ribs on his right side. The buggy was drawn by a single horse, and he was going along quietly when one of the iron spindles broke, causing one of the wheels to fly off and frighten the horse. The capsizing of the buggy threw the minister out of his seat upon the ground, but he held on to the lines while the horse plunged along for a few rods, dragging the whole outfit with him. Finally the horse became subdued, and the minister and his son, who fortunately escaped without injury, reached their home, in the second ward, without further mishap. Rev. Powell's injuries are quite painful. He is being attended by Dr. E. W. Moore, who can fully sympathize with his patient, as he himself has had several narrow escapes from destruction with Dobbins, supposed to be gentle and kind. Rev. Powell, it is earnestly hoped, will soon be able to resume his pastoral duties. He may have to use a crutch for awhile.

Alumni Committees.

The following are the members of the Alumni banquet committees appointed by C. A. Ewing, president of the association. It is desired that each person named below be present at the meeting to be held at the high school building on Friday evening, April 21st, at 7:30 o'clock. All members of the association are also invited to be present:

Banquet Committee—Mrs. George T. Tucker, Mrs. Albert Leach, Mrs. R. E. Pratt, Mrs. Fannie Sedgwick, Mrs. Cyrus M. Imboden, Mrs. J. M. Clokey; Misses Mary W. Hardy, Alice Roberts, Nellie Durfee, Mamie Wood, Ada Pratt, Eva Bixby, Iola Boyd, Abbie Pratt, Mary Lukens; Messrs. Heston I. Baldwin, Jas. H. Martin, Henry Gipson, Geo. Wingate.

The Great Tragedian, John McCullough, Coming.

We are pleased to announce that this celebrated tragedian will appear at the opera house on Friday evening, April 28. This will be without exception the greatest dramatic event of the season. We would say to our friends in the country, if you can possibly come to Decatur and see Mr. McCullough and his fine company you will be more than paid. Remember the date, Friday, April 28.

A FINE display of the phenomenon *ignis fatuus*, or "will o' the wisp" startled the people about Maroa last week. The light was seen by several different persons and was of varying intensity, sometimes bright as the brightest lamp. The ground over which such lights are seen is usually low and wet.

A School Chapter.

LONG CREEK, April 12, '82.

On Friday the 17th inst. Miss Gregory closed a successful term of school at Bois d'Arc. We were not able to be present during the forenoon, but are willing to believe all that others affirm of the good times before our arrival. The afternoon session opened with a song, followed by a recitation, "Making Mud Pies," by the little folks. Then recitations, by topics, in Biographical History and Arithmetic, which were very interesting, and showed great care both on the part of the teachers and pupils. Sammie Clark personated Jimmie in "Little Jimmie's Fable," nicely. "The Little Swiss Girl," a pathetic song, was well rendered by Sallie Lichtenberger. "Naming the Kitten," "The Two Mothers," "The Model History Class," (conducted by one of the pupils), "The Examination," and others, were entertaining and well acted by different pupils, but we failed to learn their names. The little ones sang several pretty exercise songs. Miss Gregory received a handsome writing-desk, presented by Miss Phebe Horton, in behalf of the school, in the following words:

Dear Teacher—It is now my pleasant duty to thank you for the earnest efforts you have made in teaching your scholars at Bois d'Arc during this school; also to present to you a writing desk, which is a token of our respect for you, hoping that as often as you see this desk your mind will revert back to the pleasant scenes and the scholars of your school during the term of 1881 and '82. We hope, too, that you will ever love and respect us, as we will always entertain none but the greatest respect for you, and will always love and esteem you very highly as a good and kind teacher.

The valedictory was read by Miss Adah Clark. It was in simple, beautiful language, and showed Miss Adah's appreciation of her privileges as a pupil of Miss Gregory.

Rev. Mr. Baker, who always seems to have a pleasant word for young folks, then addressed them. Afterward "The Close of the School." There is always regret mingled with the farewells at this time, even if the work has been hard.

We believe all parted with the expectation of meeting next year in the same capacity SPECTATOR.

A RURAL SURPRISE.

OREANA, ILL., April 15, 1882.

EDS. REPUBLICAN: The most imposing event of to-day was the surprise given to William Grush, the 84th anniversary of his birth. The people of Oreana and vicinity for some time noticed the good, kind and deserving disposition of this aged neighbor, concluded to give him a surprise by all meeting at his home in the afternoon and presenting him with a good suit of clothes, which was purchased at B. Stine's popular clothing house, and $12 in money, amounting in all to $41.50. By two o'clock the people began to gather in Oreana with teams well loaded with women, children, and baskets full of good things to eat. It was plain to be seen by the unsuspected that there was somebody to be taken by surprise, but did not know who, till at once the crowd struck for the place of William Grush, where they found him and took him completely by surprise. The presentation ceremonies were performed by Sunday school superintendent John Lyons in a very appropriate manner, and the thanks returned by Mr. Grush were not of many words, but very feeling and to the satisfaction of all present. At the request of the friends he put on his new suit and received the congratulations of his many friends, with thanks and good wishes to all; after which a great feast of good things was prepared and spread on a table fifty feet long in the front yard, where all partook, to the number of two hundred and twenty persons. Much credit is due the committee of arrangements for this social festival. And then to reflect, what a history of American enterprise, progress and civilization is couched in this good and aged man's life. At a late hour all parted for their homes feeling none the wosse for being present. RURAL.

Harristown Happenings.

J. H. Pickrell has gone to Chicago.

Mr. Rhodes Allen is confined to his room by sickness. May his health soon return.

Miss Jennie Masters was unable to take charge of her school last week. Miss Aliff Masters taught the school a few days.

Wm. Chamberlain is the new school director.

Rev. W. F. Gilmore preached a fine discourse last Sunday to a large audience.

Wm. Kyle opened the spring school in the Hoyt school house Monday morning.

C. T. Powner closed his school Monday noon and in the afternoon attended the examination of the public schools of Harristown.

On Monday, 17th inst., the schools of this place closed. A good number of parents and friends attended the examinations, thus encouraging both teachers and pupils. This was as it should be. May the pupils enjoy their long vacation, and in the fall return ready for work.

THE CITY MUSIC STORE

An Attractive Parlor, Replete With Superb Instruments and Merchandise.

Mr. C. B. Prescott and His Success in Business.

There is scarcely a man, woman or child in Decatur, and for miles around, who is not aware of the fact that Mr. C. B. Prescott is the veteran music dealer in this city, and that his elegant parlor is now located at No 51 opera house block, in the immediate vicinity of our charming city park. His store is fitted up regardless of expense. It has a frontage of 22 feet on Water street and is 100 feet deep, being splendidly lighted and well ventilated. The spacious room is quite attractive in its furnishings, and is well stocked with a fine array of the celebrated Haines Bros.' Pianos, the Western Cottage Organs, leading specialties, and a full supply of other instruments so popular in this section and throughout the country. The display of musical merchandise of every description is immense, and the supply of all the latest sheet music is in keeping with the general character of the stock. During the past three years Mr. Prescott has been handling instruments direct from manufacturers, and he has already contracted for 200 Western Cottage Organs and numerous Haines Bros.' pianos for the coming season. This manner of doing business enables Mr. Prescott to sell his first class instruments at the lowest possible notch, and the success which has crowned his efforts as a careful and responsible dealer, is the best evidence that his judgment is cool and reliable, besides being an economical benefit to his scores and hundreds of patrons.

"The City Music Store" has long since become a fixture in Decatur, with Will H. Muzzy as salesman, and we are gratified to state that its business is extending with each succeeding year, which is another evidence of Mr. P.'s enterprise. He has a flourishing branch store at Sullivan, Ill., with Mr. E. J. Gilham in charge, another at Farmer City, Ill., with Mr. John Fears in charge, and local agents in various surrounding towns and villages. These agencies are doing a thriving trade through the general management of Mr. Prescott, who is assisted in no small degree by Mr. A. H. Cox, as traveling salesman. Connected with the establishment is Prof. C. A. Foster, the well-known teacher of instrumental music and tuner of pianos.

In this connection it will be interesting to state that Mr. Prescott has resided in this community continuously for a period of nearly ten years. He was with Mr. G. F. Hargis in 1873 and became his successor in the music business in 1874. He had his first store over the room now occupied by O. E. Curtis & Co., but in 1875 he located in post office block, where he remained until 1879, when he removed to opera house block, where he is now permanently located, and where at No. 51 the latchstring may always be found hanging on the outside, a standing invitation to all to enter, whether they want to buy or not, and take a look at the magnificent display of standard superior instruments—pianos and organs that are sweet in tone and most elegantly finished. We are pleased to speak in commendation of Mr. Prescott as a careful and energetic business man in this community. Like most new beginners he commenced on a small capital, and step by step he has risen to the position he now occupies, and commands an enviable patronage from people who have learned by experience that he is a square and responsible dealer, who deserves the success which has attended his efforts to make the "City Music Store" the headquarters for fine instruments and general musical merchandise.

1862--1882.

The celebration of the 20th anniversary of the marriage of Mr. and Mrs. Moses A. Stare took place on Thursday, April 13th, at their residence in Whitmore township. About thirty persons were present. Most of them went out from town; by 10 o'clock the most of the friends had arrived. At noon there was a beautiful feast prepared, at which all did justice and showed that they knew how to appreciate a square meal. After opening the various parcels that were brought, they were found to contain the following articles: Half dozen cups and saucers, Mr. and Mrs. H. Kain; one dozen dinner plates, Mr. and Mrs. George Stare; one dress pattern, 4 yards muslin, 7 goose eggs and two dollars in silver, Mr. and Mrs. Jno. T. Markley; gravy tureen, Mr. and Mrs. W. H. Stare, meat platter and dress pattern, Miss Nancy Stare; tureen and shirting, Mrs. Z. T. Blain; fruit dish, Mr. and Mrs. A. Westhafer; glass fruit dish and cake stand, Mrs. Fannie Magee; china fruit dish, Misses Sarah and Clara Stare; majolica pitcher, Mr. Jno. Stare; glass pitcher, Grandma Barnett; air castle, Miss Mollie Magee; three yards gingham, Mrs. Pete Stare; one large doll and two small ones, Misses Ida Kain and Emma Stare. After spending a good social time together until 4 o'clock, the friends began to part for their homes, wishing them a happy future.

Brought to Decatur.

Last night the mortal remains of Mrs. Clara Addie, wife of J. W. Addis, and a niece of Cornelius Morris, of this county, who died of congestion of the bowels, at Tyler, Texas, on Oct. 28th, 1881, were resting in a casket at Radcliff & Bullard's undertaking establishment, and this afternoon they were taken to Salem grave yard, southwest of Decatur, for burial. The body was shipped from Tyler, Texas, on April 15th, and arrived here yesterday. The deceased was interred at Tyler in October, and was exhumed and brought here at the request of the relatives.

A Nice New Game

Salt Lake Tribune

Some of the old saints have now invented a new kind of pedro Whenever anybody catches anybody's else pedro, the party winning has the right to kiss the other five times The game is played with an equal division of the sexes The other evening old Bishop —— fixed up a pack of cards with nine pedros, and started a game right in among some of the prettiest girls of the ward It happened, however, that the girls anticipated his little game, and had a pack already without any pedros in They rung in the cold deck on the old fellow, and started the game He made some big bids, expecting to capture some pedros, and got set on the board every time All this time the girls kept exclaiming "Oh, ain't this a nice game, so exciting!" After playing an hour the old fellow didn't see the color of a single pedro and the glances and the giggles of the girls caused him to suspect that the daughters of Zion were rather getting the best of him He finally got so far off the board that he was comparatively speaking out of sight, and finally gave up the place to a young man who was seated near by watching the game In a twinkle the girls transposed the deck again, and for the next two hours the sounds of smacks that young man won could be heard all over the room

As to General Logan's condition, a Washington dispatch gives this information

He stood the journey (to the Hot Springs of Arkansas) quite as well as was expected, and Mrs Logan was entirely satisfied with the dispatches from him Saturday evening She remains here by his wish, to attend to matters of business which would accumulate if both were absent He will probably be away till May 1, as he intends to take a full course of the baths, which will occupy twenty one days Owing to the constant pressure of calls he was not permitted the quiet here which is necessary for his recovery Up to the very moment of his departure he was besieged by importunate seekers for his good word Lumbago and sciatica, traceable to his arduous services in the army, and of which he has had several previous attacks as severe as this, are the cause of his suffering

GOV HENDRICKS had the following striking passage in his speech at the Jackson banquet 'We will take a journey upon some of the great lines of railroads Shall it be from Boston to San Francisco? Seven days and seven nights will pass, as the train flies onward, before we hear the ceaseless murmur of the Pacific Such a journey from Paris, eastward, would carry us beyond Europe and far into Asia The line of our travel marks and measures the great extent of our country The same flag remains over us '

CHRONIC DISEASES

—AND—

SURGERY!

I WISH TO SAY TO THE PUBLIC THAT I am now, and have been for the last ten years, devoting myself exclusively to the treatment and cure of

All Chronic Diseases, Surgery and Deformities.

CROSSED EYES

I straighten by a very small operation. I operate for **CATARACT** and **ARTIFICIAL PUPIL** and thereby restore sight to the blind. I quickly remove obstructions to the tear ducts which occasion weeping or the running of tears over on the face, and am *prepared* and *accustomed* to cure all surgical diseases of the Eye.

I cure **RUPTURES** of all kinds and varieties by a process entirely new and simple without the knife, thereby doing away forever with the use of trusses.

I cure all kinds of **PILES** or **FISTULA** without the knife, ligature, caustic, pain or danger.

STRICTURES, VARICOCELE, HYDROCELE and all private diseases are cured permanently and perfectly in a very short time by the *latest remedies* and the most *approved method.*

That very distressing and annoying train of diseases of the Bladder and Kidneys is treated with a success that astonishes the unfortunate sufferers after so many fruitless trials.

DISEASES OF WOMEN of every conceivable kind and variety can be most certainly cured. They are all perfectly curable, and their treatment is attended by no difficulty whatever when they are well understood.

All diseases of the **JOINTS** and **BONES**, **SORES, TUMORS, CANCERS** and **ULCERS** are treated and cured by those new and much improved methods for which the last ten years are famous. **HIP JOINT DISEASE, CLUB-FOOT** and all diseases of the **BACK** and **SPINE** are treated and cured with special success on account of some improvements of my own.

Being thoroughly furnished with **APPARATUS, APPLIANCES, MACHINES, BATTERIES, MICROSCOPES**, etc., etc., and all modern helps, with so many years experience in this field. I am prepared to achieve success where success is at all obtainable.

It is with honest pride that I acknowledge the courtesy extended to me by the physicians in this and adjoining counties. Whatever of excellence may attend my treatment over others, is by dint of hard work, experience and well improved opportunity.

To Breeders of Horses

SEASON OF 1882.

Draft and Roadster Stallions,

Owned by

D. W. BRENNEMAN & BRO.,

Decatur, Illinois.

The Imported Norman Stallion,

"BAJARET,"

Imported in 1881 by M. W. Dunham, will make the season of 1882 at Center Ridge Stock Farm, (formerly the J. J. Jones farm), 12 miles northwest of Decatur, 6 miles northeast of Warrensburg, and 5 miles due west of Emery station. "Bajaret" is a jet black, 16½ hands high, weighing 1800 lbs., and his appearance is sufficient to recommend him.

The Imported Norman Stallion,

"NIGER,"

Will make the season of 1882 at Davis' wagon yard in Decatur.

"Niger" is a jet black, 16½ hands high, weighing over 1900 lbs.; was imported from France by James Fullington & Co. "Niger" has proven himself a sure foal getter, and his colts will show for themselves. No better breeding horse ever stood in the county.

The Trotting Stallion,

"STONER BOY,"

Will make the season of 1882 in Decatur at Davis' wagon yard.

"Stoner Boy" is a blood bay, 15¾ hands high; star in face, and both hind feet white. Was sired by Strathmore, the sire of Santa Claus; five year old record, 2:18, and winner of great stallion race at Boston last year: Chestnut Hill, 2:22¾; Steinway, three-year-old record, 2:25, and sold for $13,000. First dam of "Stoner Boy" was by C. M. Clay, jr., who was the sire of the grand-dam of "Sweetheart," the sensational California trotter with a two year old record of 2:26½. "Stoner Boy" has fourteen direct crosses to Imported Messenger, and is emphatically a stock horse and trotter combined, and his colts begin already to show the fine qualities of the sire.

The Clydesdale Stallion,

"TURK,"

will also make the season at Davis' wagon yard, Decatur, Ill.

"Turk" is a chestnut, 16 hands high, 4 years old, weighing 1600 lbs., with splendid bone and fine action, and his colts are showing fine.

The Imported Clydesdale Stallion,

"Monarch of the East,"

will make the season at the Elm Grove Stock Farm, one and one-half miles northwest of Macon station.

"Monarch of the East" is a dark bay, with star on the face; weighs 2,000 lbs., and is coming five years old; is a perfect model of a draft horse with extraordinary style and action, and is registered.

The Elegantly bred Trotting Stallion,

"Storm-King,"

Sired by Statellite; he by Robert Bonner; by Rysdyk's Hambletonian. Dam, "Fairy," registered in trotting register of brood mares; sired by Rysdyk's Hambletonian.

Will commence the season the first of June at the Elm Grove Stock Farm, one and one-half miles northwest of Macon, Ill.

The well-known road horse,

"Geo. M. Patchen, Jr.,"

will make the season at Center Ridge Stock Farm. He is well bred; is kind and gentle, so that a child can drive him. He has trotted three heats on our half mile track here in 2:38, 2:37½ and 2:36.

TERMS TO INSURE.

"Bajaret," $20; "Monarch of the East," $20; "Niger," $15; "Turk," $15; "Stoner Boy," $25; "George M. Patchen, jr.," $10.

Great care will be taken to avoid accidents or escapes, but we will not be responsible should any occur.

Mares from a distance will be pastured at reasonable rates. Money due when mares are known to be with foal.

The Agricultural Darkey.

Atlanta Constitution.

But there is not so much time to frolic on a farm at this season of the year, for my almanac says, "About this time plant corn," and we are doing it around these parts. I can sit on my piazzer and look into five farms, and see the darkies and the mules and hear 'em too, and it's "gee" and "haw" and "get along, Pete, "whar you gwine, Nell, come round dar, I tell you;" and there's no end to this kind of affectionate, one-sided discourse until the horn blows for dinner and then the most knowing mule gives a bray, all round. It's astonishing how much they do know and can be made to understand. I had a big mule who would never give but one pull at a root unless the darkey who plowed him hollered out, "rotten root, I tell you!" and then he would break that root or something else, for he had confidence in the nigger. It always did seem like there was a confidential relation between niggers and mules, a sort of a treaty of peace and equality, for there is no other human can get along in peace with a mule. When they are alone together in a big field with long rows the darkey talks to him all along the line and the mule listens in respectful silence, but if two darkies are plowing together they talk together and the mules are snubbed.

Ohio's New Sunday Law.

The following is the text of the new Sunday law which has recently passed both houses of the Ohio legislature:

The sale of intoxicating liquors, whether distilled, malt or vinous, on the first day of the week, commonly called Sunday, except by a regular druggist, on the written prescription of a regular practicing physician, is hereby declared to be unlawful, and all places where such intoxicating liquors are on other days sold or exposed for sale, except regular drug stores, shall on that day be closed, and whoever makes any such sale, or allows any such place to be open or remain open on that day, shall be fined in any sum not exceeding $100, and be imprisoned in the county jail or city prison not exceeding thirty days. In regular hotels and eating-houses the word "place," as herein used, shall be held to mean the room or part of the room where such liquors are usually sold or exposed for sale, and the keeping of such room or part of room securely closed shall be held as to such hotels and eating-houses as closing of the place within the meaning of this act.

Means to be President.

Mr. Arthur recently said to Congressman Bayne, of Pennsylvania, with some positiveness of manner: "You must remember, sir, that while you are the one that recommends, I am the person who appoints, and am the one upon whom the responsibility for the appointment must rest. There seems to be a feeling among members of Congress that each one must establish himself a sort of Deputy President, and control with arbitrary hand all appointments in their respective districts. I have humored this tendency for a time, but now such foolishness must stop. I have been influenced in making my appointments by Senators and Representatives so far. The result of this is, I have made some very unsatisfactory nominations. Hereafter I shall be guided by my own judgment in the cases. When I am asked to select new men for places, I shall only take the recommendations of a Congressman the same as from other leading public men."

The Wonder of the Age.

The wonder of Paris, if the correspondents know anything about it, is the boy with the telescopic eye. One eye is as large as a silver dollar and the other as small as a French pea. Up to a few months ago this large eye was of no use. But after an operation upon it an astonishing change occurred. The eye became telescopic in its range, and the boy could expand or contract the pupil at will. At night he could see the rings and moons of Jupiter and the newly discovered satellites of Mars. Then it was discovered that the smaller eye was microscopic, a drop of water appearing to him through it as a world of life. The oculists, microscopits, and astronomers of Paris are said to be in a state of great excitement over the boy.

THE labor strike at Omaha has induced the Union Pacific road to consider the question and advisability of breaking up their establishment there, and locating parts of their shops at other points along the line. They give as a reason that the policy of concentrating large masses of men at one point, always leads to strikes and combinations that occur just at the time when the company can ill afford to have them succeed. They hope to counteract the evil by making smaller shops and having more of them. There is great excitement in Omaha in consequence.

A Big Sell.

Bloomington Pantagraph, 13th.

The New York jewelry house that employs one E. Cohn as a traveling salesman is hereby informed that they have a first-rate damphool in their service, and is advised to take him in before he gives the house away. The other night Cohn was a guest of the Ashley House, and readily tumbled to a practical joke played on him by "the gang." A member of "the gang" confidentially informed Cohn, who is a Hebrew, and for a wonder a most verdant specimen, that Frank James, Tucker Basham and others of the James boys party were in the house, and that two detectives were watching them. Two others of "the gang" played the detectives, and took out two more of the fraternity, playing the part of the captured desperadoes. A scuffle ensued in the street, in which terrific slashing was done with knives, and in which Frank James escaped, only to reappear boldly at the Ashley. Next Frank James compelled four men, of whom Cohn of course was one, to remain seated in the office until train time, in order that he might not be betrayed, covering the four with a pair of navies. Cohn went from here to Quincy, and on yesterday the *Whig* of that city with verdancy equalled only by that of the New York traveling damphool, listened to his narrative and published a thrilling article a column long regarding it. Cohn should star it as the champion ass of the drumming persuasion.

A Poetic Correspondent.

A postal clerk contributes the following gem of poetry to the literature of the period. He copied it from a letter which passed through his hands:

To Mt. Vernon, Ill., do I hop;
At the office do I stop.
When Amanda Beardin comes in,
Hand her this and see her grin.

Evidently the fond lover anticipates a joyful reception of his tender missive, but if "Mandy's" grin isn't prettier than her feller's poetry, she will never be asked to parade with a circus as the "handsomest woman in the world."

"WHICH side of the street do you live on, Mrs. Kipple?" asked a counsel who was cross-examining a witness. "On either side, sir. If you go one way, it's on the right side; if you go the other way, it's on the left."

AN old couple were walking down the street the other day reading signs, when they ran across one which the old man read thus: "Johnson's Shirt Store" "Well, I declare!" exclaimed the old lady, "I wonder how he tore it."

A TEXAS rattlesnake died from having a glass of whisky thrown on his head. The probabilities are he swallowed some of it. Toddikins says he would like to have that game tried on him, and he's no snake, either.

WASHINGTON NEWS.

The Rumors Come Thick as Usual.

News From the Jeannette Survivors.

WASHINGTON, April 15.—Several members of the committee think they will not longer permit Shipherd to do all the talking, but will direct the examination themselves and arraign him before the house if he is contumacious.

About a dozen members of the republican national committee met to-day, and after discussion unanimously favored republicans of the south uniting with liberal democrats, who will work with more enlightened political sentiment for free ballot and fair count and oppose Bourbon democracy. A resolution was adopted for a meeting of the committee on the fourth Wednesday in January, 1883, and directing that the special committee appointed in 1881 then report a plan for giving congressional districts representation in the next national convention.

F. W. Moffatt, paying teller of the treasury cash room, has been dismissed.

The house committee on territories instructed Grout to move to suspend the rules on Monday and pass the bill establishing the territory of North Dakota.

At Shipherd's examination a note was read from Blaine, stating he desired to be heard in reference to Chilian matters.

Representative Lord then took up the cross-examination of witness, and examined him closely as to his doings with Hurlbut.

Witness first joined the company in March, 1881; became its counsel, and in October the present company was formed; no minister of the United States, or congressmen, ever owned any interest in the claim; he agreed to give in confidence to the committee the names of two New Yorkers who personally know of Hurlbut's intimacy with Suarez.

The investigation was postponed till Tuesday.

NEW YORK, April 15.—Mr. Donnell, the financial agent of St. Joseph who is in this city, received a telegram yesterday from Mayor Posegate of that place, asking him to deliver the following dispatch to Geo. M. Irwin, who, with William Scott, was confined in the Tombs for attempting to sell stolen bonds·

I have told all I know about it and you do the same.

JOHN COX.

City Marshal Rich, of St. Joseph, who was preparing to start west with the prisoners, immediately took the dispatch to the Tombs and showed it to Irwin, who thereupon made a full confession. He said the bonds were given to Scott and himself to bring on here and sell by City Assessor Enos Crowthers and John Cox, a clerk for John C. Bender, the employer of Irwin, and the proceeds of the sale were to be divided between them. The vault was entered by means of false keys about three weeks ago by Crowthers, and the bonds abstracted.

CHICAGO, April 15.—Mrs. Scoville's petition for the appointment of a conservator of the estate of Guiteau came up in the county court this morning. Judge Loomis said that in view of the recent decision of the supreme court of the state there was some uncertainty about the jurisdiction of his court in probate matters. He advised to let the matter rest till the doubt was settled, or take the case to the probate court, which unquestionably had jurisdiction in probate cases. Counsel stated that he would rather have the court refuse to hear the petition; he would then appeal to the supreme court direct. This, accordingly was done. Before reaching the state supreme court the case must go through the appellate court, and this will require some six weeks, as the court is not now in session and there are other cases ahead of it. Mrs. Scoville appeared in court in person to-day.

SPRINGFIELD, Ill., April 15.—The anniversary of the death of Abraham Lincoln was appropriately observed this afternoon at the national Lincoln monument, under the auspices of the Lincoln Guard of Honor. A select quartette rendered the song "In Memoriam, Abraham Lincoln." and addresses were delivered by Gov. Cullom and United States District Attorney James A. Connoly. J. C. Powers, the custodian of the national Lincoln monument, read extracts from the speeches and writings of Lincoln, and Mrs. E. S. Johnson reiterated a most appropriate selection. Most of the members of the Legislature were present, and the crowd of citizens was so large that many were unable to get within hearing of the speakers' voices.

SAN FRANCISCO, April 16.—The *Call* to-morrow will publish a letter from Dr. H. C. Ledyard, an American now in Siberia, to a friend in this city. At Irkoutsk Ledyard met Lieut. Dannenhauer who gave him interesting details of the loss of the Jeannette, from which the following extracts are made: Since the first fall, when they were caught by the ice in trying to reach "Herald" Island, they never took a course, but were held as in the jaws of death, squeezed till every timber quivered, turned this way and that, thrown, floating and then caught again, and every hour in suspense, never knowing when the ice would close upon them a little more and the deck would have sunk beneath them. Throughout this strain they were well and trying to be cheerful, working very hard, for with the engine and men they were barely able to keep the water out. They had to pump for a year and a half. On June 11, 1881, the crisis came. The ship showed greater straining than before, the deck quivered, and inexplicable movements warned them. They prepared their boats and made their camp beside the vessel. She rose and turned in her cradle till the yards touched the ice; then the rigging gave way and the masts lay prostrate. At 4 o'clock in the morning the floe parted and all went down. A cry of alarm called all to escape from the crevice in the ice. It opened just through the captain's tent, and then began the retreat. For twenty-nine days they struggled southward, and 300 miles of broken ice were thus passed over. Four miles a day was thought to be good speed. After one of a series of fourteen days they were twenty-seven miles further north than at first. While walking over the ice dragging three boats, they discovered Bennett Island, to explore which they spent three weeks of their precious summer days and expended much of their limited supply of food. To this detour those who survived attribute much of their suffering and the death of the commander with nineteen men. After three months of this perilous and exhausting work they came to blue water, and then, with fair winds, took a course for the mouth of the Lena river. Melville's boat was stove against a block of ice. The captain's boat lost her mast and sail. The captain landed with all well, but abandoned the boat as the water was shallow and they could not make the channel of the river.

WASHINGTON, April 16.—The appointment of Mr. Chandler to the naval portfolio has developed an interesting phase of Washington social life, which sets gossips agog with speculation. It will be remembered that when J. Wilkes Booth was shot the picture of a beautiful young lady, a reigning society belle, was found on his person. The original of this portrait was recognized in the person of Miss Hale, the daughter of a leading politician and statesman, and a lady of whom Booth had become deeply and seriously enamored. What encouragement he had received was not precisely known, but there was enough between them to form the basis of a good many romances, which afterwards appeared in the public press. Miss Hale afterwards became Mrs. Chandler, and is now the wife of the Secretary of the Navy. The same whirligig of time which has brought this about has also made the then young son of the martyred Lincoln Secretary of War. It now appears that, according to etiquette, it is the duty of the Secretary of War to escort the wife of his confrere in rank to dinner. On state occasions he must take the wife of the Secretary of the Navy. Secretary Lincoln, in short, must escort the one-time sweetheart of the assassin of his distinguished father Therefore, society is shocked.

DES MOINES, Ia., April 15.—R. W. Stubbs was murdered at 3 o'clock this morning by a burglar. His wife was awakened by the noise made by the assassin; she aroused Mr. Stubbs and called "what do you want," then his murderer exclaimed, "lie down." then fired, the ball entering the left breast below the nipple. Stubbs sprang from his bed and followed the murderer as far as the door, where he fell and expired. The object was burglary.

CHICAGO, April 15.—Ex-Gov. Burbanks, of Dakota, now postoffice inspector there, was one of a dozen passengers in the stage which was robbed by the James gang near Hot Springs, Ark., eight years ago. He was robbed of a gold watch and chain and diamond pin worth $900. He has received information from Marshal Craig, at St. Joe, Mo., that his property was found among the effects of the late Jesse James, and will be returned to him.

From "Blizzard" Land.

EDGAR, NEB., April 12, '82.

EDITORS REPUBLICAN: — Thinking your many readers would be pleased to have a few items gathered while passing through this state, tempts me to write you them as they occur to me.

The land here is beautifully undulating. The soil is a sandy loam, adapted to raising corn, oats, rye, spring wheat, flax and barley; fall wheat is not sown, the reason given is that the wind blows the soil from about the roots. There is, apparently, plenty of water in small streams and wells. This part of the state is fast settling up with people from the various states, and a great many foreigners are making their homes here, among whom are Swiss, Germans Norwegians who are known everywhere to be remarkably industrious and economical in their habits. The houses are substantial frame buildings, built close to the ground on account of the strong winds and scarcity of wind-breaks; there are also to be seen quite a number of "dug-outs," which latter are holes dug in the bank, arched over with poles or boards, and these covered over with dirt, excepting a hole left for a joint of stove-pipe to allow the smoke to escape. As to fencing they have none excepting house and stock-yard fences. Each farmer plows the ground a rod wide around the border of his farm for two reasons, viz. to stop the prairie fires, and as a mark to others, crossing which, they become trespassers; each farmer takes care of, and is responsible for, all damage done by his own stock. Sheep, cattle and horse raising is quite an extensive business here. Land sells for $2.50 and $6 per acre, for raw prairie land; improved farms ranging from $10 to $25 per acre, according to the improvements and location. This locality is subject to hail-storms and "blizzards." These blizzards" are, taking the Irishman's explanation, as follows: "Whin the gintle ziphyrs begins to blow ye finds yerself picked up and glued, as it were, to the gable-eend of a house, and it moves off across the prairie wid ye at the rate of twenty-five or thirty miles an hour; siddenly stopping wid a crash ye picks yerself up wid an arm or two broken and a leg gone and yes don't know whither ye are in Ireland or America: you may bet the red sow a blizzard has been passing ye by recently, and ye won't lose yer money ather, me b'y."

I saw several houses with one-half of the roof gone, while the shingles were actually peeled off from the sheeting of others, as if they had been taken off by some one. preparatory to putting on a new roof, while the weather boarding was broken and badly demolished on the houses, said to have been done by a "blizzard." I thought the Irishman's description was not far out of the way. On the 11th and 12th of this month snow fell here to the depth of two inches.

The farmers are well ahead with their spring work, but no planting has been done yet. The towns in appearance are in advance of the country considerably, although they have a new appearance. If this is considered worthy you are at liberty to use it RENO.

The Spring Elections -No Sign of Fall Results.

Philadelphia Press

Folks of a political bent of mind in Ohio are giving themselves unnecessary anguish about the recent election. It is no sign that the voters love the democracy more and the republican party less because they have permitted the trivial issues and offices of city and county affairs to wear a democratic cast. In every instance the majorities show that the steadfast majority of the state remains where it always was, and where, on large and important issues, it will in all probability remain. The republicans should not object to the noisy gratulations of the democracy. Its triumphs are so few and won upon issues so foreign to its instincts, that it is on the whole a counter-irritant of good omen when republican indifference now and then indulges the party into the transient hallucination of success. The history of campaigns for the last twenty years reveals the democracy successful in the minor contests of the two parties. The effect of these is generally to set the improvident victors into fruitless vauntings and undue confidence. They inspire the republicans, on the other hand, to sober and methodical effort which in every emergency snatches the real prizes in politics—as the election of Hayes in 1875, and the similar revolution going as far back as Brough's triumph over Vallandigham

"Ain't this a little too high?" asked a timid tenderfoot of a Deadwood tavern-keeper who had charged him $4.50 for his dinner. "It may be a little high," replied the host, fumbling with the handle of a revolver in the cash drawer, "but I need the money." He got it.

Western Missouri Barbarism.

New York Herald.

Reports of the scenes around the remains of the outlaw, Jesse James, throw bright but unpleasant light upon some sections of western society. At least one noted desperado, with a select party of friends, dropped in to view the remains, and nobody molested him, although the sheriff who effected the outlaw's death was present with his deputies. The remains were carried to the bedside of the outlaw's brother, who was lying at the point of death, but who, nevertheless, was able to indulge in some very touching remarks. The sheriff who had been chasing the redoubtable Jesse had an informal chat with the dead man's mother, and, although the old lady used some hard language, public sympathy seemed about equally divided between her and the sheriff. Among the six pall-bearers were at least three who had taken part in the work of hunting the outlaw down, and the burial service began with the hymn, "What a friend we have in Jesus!" Mr. James' children, like good little children everywhere else, say their prayers every night, and among other petitions they always put up one that their Uncle Frank, who is no slouch in the outlaw business, may be saved from the officers of the law. As every one above mentioned was in most serious earnest, the question naturally arises as to how much security there is for life and property in a country where a dead ruffian is held in higher regard than any living man in the neighborhood could hope for.

Mr. Tilden in New York State Politics.

Boston Advertiser.

The possibility that Mr. Tilden may be the Democratic candidate for the governorship of New York is not remote. The opinion is gaining ground that he will seek to demonstrate his power to carry his own state, even with Mr. John Kelly as his enemy, and thus come to the national convention with the certainty of success. Defeat in the state election would terminate his political career, but an election would place him in a position to dictate terms to his party. Were he nominated, Mr. Kelly would contribute, through a candidate of his own, to Republican success. The Republicans would welcome Mr. Tilden's nomination for many reasons. It would insure care in selecting a candidate, and it would bring every Republican to the polls. A full vote is almost a guarantee of Republican success in New York. When the country districts are indifferent the ticket is defeated, and no district would be uninterested were Mr. Tilden in the field.

Harrison and Lincoln.

Danville News.

There are now two men in the republican party who are expected by thousands of people to be president some time in the future; one is Ben Harrison, of Indiana, grandson of Gen. Wm. H. Harrison. The other is Robert T. Lincoln, son of Abraham Lincoln. Both are able, sober, spotless men of ability. Harrison is now serving with distinction in the United States senate, while Lincoln is serving with equal distinction in the cabinet of President Arthur, as Secretary of War. Both men are very quiet, modest, unassuming and claim no favor on account of their parentage; both are very popular. Mr. Harrison borders on fifty, while Mr. Lincoln is about 38. In time both may be president of the United States, and yet, in this country of freedom and possibilities, unknown men may arise who will meet the emergencies better, and whom the people will prefer before them.

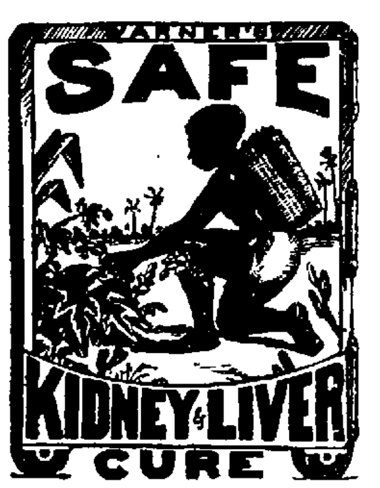
* * *

A LETTER from Mr. Samuel J. Tilden to the Jeffersonian Club, of New Haven, describes the sage of Monticello as a very different sort of individual from the present occupant of Gramercy Park when he says: "In his personal practices he was not only pure, but to make his example more effective, he refrained, while administering the greatest of official trusts, from all attempts to increase his own fortune, even by methods open to every private citizen."

All of which is no doubt true. Mr. Jefferson never tried to cheat the Government out of its internal revenue taxes, neither did he ever try to purchase electoral votes when he was running for the Presidency. But, then, Jefferson was a Republican, and not a Democrat, and was dead and buried before the party now claiming the right to administer on his political estate was organized under the lead of "Old Hickory."

* * *

A WILD rumor comes from Washington that Secretary Lincoln is to be asked to step down and out to make room for some one else, and that he has been promised the aid of the administration to step into Judge David Davis' place. Mr. Lincoln seems to have the happy faculty of minding his own business, and that to an unusual degree. He has endeared himself to the whole nation by refraining from gush, and showing that he is a sensible man.



Disease is an effect, not a cause. Its origin is within; its manifestations without. Hence, to cure the disease the *cause* must be removed, and in no other way can a cure ever be effected. WARNER'S SAFE KIDNEY AND LIVER CURE is established on just this principle. It realizes that

95 PER CENT.

of all diseases arise from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a *food* and *restorer*, and, by placing them in a healthy condition, drive disease and pain from the system.

For the innumerable troubles caused by unhealthy Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.

LOCAL AND GENERAL NEWS.

THE WARD HORSES.

Both Recovered and the Thieves in the Indiana Penitentiary.

It will be remembered by REPUBLICAN readers that on the 24th of last September Patrick Ward's team of horses, worth $400, and a light spring wagon, were stolen from the east side of the park in this city. We are gratified to state that through the efforts of Marshal Hewes, with the aid of Indianapolis officials, the whereabouts of the stolen property is now known. Marshal Hewes received a telegram last evening from Indianapolis stating that the horses are there. To-morrow the Marshal will go to Indianapolis and return with the property, for the recovery of which a reward of $75 has been offered. The parties who stole the team are now in the Indiana penitentiary, having been convicted in January last for stealing three horses in that state. The fact that these men had stolen the Ward team was obtained from the convicts by an Indianapolis officer, who also learned the whereabouts of the horses.

The Unknown.

The residents in the neighborhood three miles southwest of Decatur, are greatly concerned as to the identity of the man found dead in the Wikoff pasture on Wednesday last. Josiah Widick and W. H. Neyhard gave the REPUBLICAN a call Saturday evening, and desired that a full description of the personal effects of the unknown be published. The man was apparently 40 years of age; his height was about 5 feet 8 inches; had no beard on his face; on his body was a blue calico shirt, partly torn off by hogs; had on good plow shoes, No. 9's; black wool hat; in square oil cloth satchel were a dark sheep's gray jeans coat, red striped flannel lining; pantaloons of same material; the upper part of stockings were blue, with sheep's gray or white and black mixed foot; also one nicely ironed white and one red handkerchief, both folded neatly.

Funeral of the Late Mrs. Bear.

The obsequies attending the burial of the late Mrs. D. F. Bear, took place at Boiling Springs Church on Sunday last at 11 o'clock, in the presence of a very large assembly of people and sympathizing friends of the bereaved husband and mourning relatives. The services, which were most impressive in character, were conducted by Elder Gregory. The remains were laid at rest in the church cemetery, the pall-bearers being Messrs. J. S. Tait, F. B. Tait, Perry Vance, Frank Barber, Edward Williamson and William A. Holman, all of whom, with the exception of Mr. Vance, having been the deceased's schoolmates.

MR. CHARLES P. HOUSUM has been sent a printed programme of exercises to be observed at the spring meeting of the Council Bluffs Driving Park and Fair Association, at Council Bluffs, Iowa, on May 30, 31 and June 1st. Six handicap foot races, distance one-half mile, one mile, quarter of a mile, one 300 yards, one 200 yards, and one 100 yards, free to all, for a cash prize of $100 each, will take place on the first day. The hose race for a purse of $400—$300 to first and $100 to second best, open to all—will take place on the 31st.

MR. A. O. BREWER, the energetic proprietor of the Bon Ton Bakery on North Main street, has recently fitted up his salesroom in elegant style, giving himself and his many patrons more room in which to do business on both sides of the lengthened counter. Mr. Brewer has also purchased a new and handsome delivery wagon, being compelled to do so by his rapidly increasing trade. He now has two wagons delivering his famous bread, buns, rolls, cakes, etc.

WE are assured, on what ought to be good authority, that Mr. D. H. Conklin, the new receiver, has decided to locate the general offices of the Illinois Midland railway in this city, and that the removal from Terre Haute to Decatur will take place one day this week. There is an abundance of room in the Midland building at the foot of East Main street for the accommodation of the various officials and their clerks, but the rooms need fixing up to be made comfortable. Mr. Conklin's family is at Streator, Ill., at present.

A FLOATING paragraph states that Rev. Stephen Herron, of Corinth, Williamson county, has been at Lincoln and gave bail in $300 for his wayward son, who was under arrest for horse stealing. The boy says he left home to seek work. Previous to reaching Decatur he was robbed of what money he had. Being among strangers, without money, cold and hungry, in sheer desperation he committed the theft to relieve his necessities.

AGENT SPITLER requests us to state that the Illinois Midland railway is running local trains on both the eastern and western divisions of the road. Trains make regular trips between Decatur and Farmdale, and freight and passengers will be carried over the line promptly.

IN spite of all reports to the contrary, the earnings of the Wabash system are on the increase, and show for the month of March $335,492, against $256,422 for the corresponding month last year, or an increase of $79,070.

To Owners of Dogs.

Ladies and Gentlemen: If you value a dollar more than your dog, kill him or convert him into greenbacks or government bonds before the first day of May. The law makes it my painful but imperative duty to list all dogs owned by you on the first day of May. The tax is one dollar per dog. Yours Truly,

Chenoweth Greenfield, a former resident of Decatur, while at work with a corn sheller, had the fingers of his left hand so badly crushed that they had to be amputated. The thumb will probably be saved.

The Little Children's Watches.

Little Rock Gazette.

Yesterday an old man entered a Little Rock store, and taking from his pocket an old buck skin pouch, he emptied two coins on the counter, and then after regarding the silver a few moments, said:

"Mister, I want to buy some goods to make a dress."

"That money is mutilated, old gentleman. This twenty-five cent piece has notches filed in it and this fifty cent piece has been punched. You see, they have been abused. I can't take them."

"Abused," said the old man. And he took up the fifty cent piece and looked at it tenderly. "And you won't take it on account of the holes. Heaven grant that I did not have to offer it to you. Years ago when my first child was a little girl I punched a hole in this coin and strung it around her neck. It was her constant plaything. At night when she went to bed we'd take it off, but early at morning she would call for her watch. When our John—you didn't know our John, did you? No. Well, he used to come to town a good deal."

"Where is he now?" asked the merchant, not knowing what to say, but desiring to show appreciation of the old man's story.

"He was killed in the war. I say that when John was a little boy I strung this quarter around his neck. One day his watch got out of fix, he said, and he filed these notches in it. He and his sister Mary—that was the girl's name—used to play in the yard and compare watches to see if they were right. Sometimes John would not like it because Mary's watch was bigger than his, but she would explain that she was bigger than him and ought to have a bigger watch. The children grew up, but as they had always lived in the woods they were not ashamed to wear their watches. When a young man came to see Mary once she forgetfully looked at her fifty cents. 'What are you doing?' asked the young man, and when she said she was looking at her watch he took it as a hint and went home. After this she didn't wear her watch in company. Well, Mary and the young man married. John went off in the army and got killed. Mary's husband died, and about two years ago Mary was taken sick. When her mother and I reached her house she was dying. Calling me to her bed she said 'Papa, lean over.' I leaned over, and, taking something from under her pillow, she put it around my neck and said: "Papa, take care of my watch.'"

The old man looked at the merchant. The eyes of both men were moist. "Do you see that boy out there on the wagon?" he said. "Well that is Mary's child. I wouldnt part with this money, but my old wife, who always loved me, died this morning, and I have come to buy her a shroud."

When the old man went out he carried a bundle in one hand and the "watches" in the other.

THE emigration from all the Irish ports in the year 1881 was less than that of 1880 by 17,138, the total for 1881 having been 78,719. All except 102 of these 78,719 were natives of Ireland. Leinster furnished 16,232 of them, Munster 21,752, Ulster 24,101, and Connaught 16,332. Since 1851 the total emigration has been 2,715,604, the yearly number having fluctuated from 190,322 in 1852 to 37,587 in 1876. Of those who went away last year, 78.4 per cent. went to the United States, and 10,083 to Great Britain. About 64 per cent. of the total were classed as laborers, and only 6 per cent. as farmers.

THE April crop report will show that we had 138,000,000 bushels less wheat to report from the crop of 1881 than from that of 1880; that our real surplus is already more than exhausted; that what we export from now until August must be a squeezing of the sponge; that the fact that the ocean steamers are paying a premium on wheat to use as ballast, shows the export stock to be exhausted; that the present probabilities of wheat in the states are better than a year ago, but not so good as two years ago, and that prices are likely to remain firm, even after harvest.
